Advertising: We advertise our auctions and auction items in part or in whole on PropertyPeddler.com, AuctionZip, EstateSales.net, Facebook & Google (among other social media platforms as well), TractorZoom, through our newsletters, and by posting custom flyers. Other forms of advertising can sometimes include newspaper ads that cover surrounding counties.

## What's New?

We have adjusted our consignment fees and raised our minimum amount per sale per lot.

Reserves are welcome of \$50 or more.

\$15.00 Minimum Commission PER LOT

This means that items selling for less than \$15.00 could actually have a balance owed to the auction company.

Selling Price of \$199 or below = 30% Consignment Fee or a minimum of \$15.00

Selling Price of \$200 or \$999 = 15% Consignment Fee

Selling Price of \$1,000 or \$4,999 = 10% Consignment Fee

Selling Price of \$5,000+ = 5% Consignment Fee

# ITEM GUIDELINES

**PROPERTY PEDDLER INC. HAS THE RIGHT TO REJECT ANY ITEM. IF YOU'RE UNSURE, CALL AHEAD BEFORE LOADING YOUR ITEMS TO BRING AT THE TIME OF YOUR APPOINTMENT.**

## Minimum for Reserves

We have always tried to receive items at a minimum of \$50 (resale) value per lot. Consignors need to conduct their own research and set reserves that are within reason. We have set a reserve minimum of \$50 as a guideline when bringing in consignment items. If you know that \$50 is too much on an item as a reserve, then please do not try to consign it. We continuously strive to bring in quality items to ensure public interest and excitement in our auctions.

## Smalls vs. Storage Space

We are hoping to be able to accept all consignor's items that need to be stored in our shed. However, always keep in mind that if the shed fills up we are obligated to make sure there is room for people to view our items safely. This may mean we would have to cut off shed-kept items earlier than the published cut-off day.

**We accept Firearms & Ammo!**

- **We do not accept furniture or household items as a general rule. If we sell a home or property for a client there will be times you will see these rules have been broken to help the client get his personal property removed before a home goes to closing. This is a privilege extended to real estate clients.**
- **Titles:** Anything with a title must have the title in hand or a picture of the title at the time of drop off. If there is a lein, we will need that information.
- **Tires:** Implement tires will be accepted. Vehicle /trailer tires must have a date stamp of 2016 or newer and will be checked for tread depth.
- We are not looking for appliances unless they are industrial grade and/or next to brand new. We also do not accept used cabinets removed from your house.
- **Lumber:** We cannot store lumber at our facility but you are welcome to sell from the farm.
- **Power tools:** Cordless tools must have batteries, be charged, and videos made at time of consigning. Likewise, Electric tools will be plugged in and videos showing that they work will be made at drop-off.
- **Some Gas Powered Tools,** Lawn equipment, & implements that are non-working will be allowed, decided per item by the auction team member checking in your lots.
- **Small Items** We prefer to stay around 12 individual lots per consignor, due to storage space & limited staff to process items into the auction program. Please choose your best items to bring up front, and if there is storage room more items can be dropped off at a later date. We want to ensure all consignors get a chance to consign some items.
- **Bundling Items:** If Consignor wants to bundle items to make one lot he can do so, but they must be related items that make sense, and have a resale value of \$50 or more.

**We have Consignor Contracts available at the 443 Executive Center at 1811 N Market St in Sparta, next to Buchheits. If you would like to take a contract to fill out ahead of time with detailed descriptions of your items it may help things move faster at your designated drop off time.**
